College of Marine and Environmental Sciences 2015

WORK INTEGRATED LEARNING (WIL)

The application of skills and knowledge developed through a degree in a practical workplace environment

College of Marine and Environmental Sciences

JCU WIL Background

Work Integrated Learning (WIL) refers to diverse approaches to learning which bring together the theory of a discipline with its relevant work practice, using a specifically designed curriculum.

Since 2009 James Cook University as part of **Innovative Research Universities** (IRU) has been working on a project with the **Australian Chamber of Commerce and Industry** (ACCI) to develop a framework for work integrated learning. This framework assists businesses and universities to engage efficiently and productively in the provision of work integrated learning.

Australian employers want, and need, graduates with some experience in the workplace. Work integrated learning, or WIL, supports a range of approaches that integrate theory with the practice of work.

The most common form of WIL involves a student placement or project within a workplace.

WIL in the College of Marine and Environmental Sciences

WIL is an academic credit option for any student enrolled within the College of Marine and Environmental Sciences with an available elective subject. It can take many different forms including practicums, fieldwork, internships, vacation work or volunteer work. These opportunities equip students with practical skills and experience to succeed after graduation

WIL Opportunities Include :

- * Rehabilitation and Revegetation
- * Environmental Management

Professional Placement

SC3008/SC5008

ELIGIBILITY

- Students must have successfully completed at least 12 credit points (4 subjects) at level 2
- Available as an elective subject in most degree programs
- Placement must be relevant to the student's degree/major or profession 140 hours **minimum** (block period or extended up to 12 months)

PROCESS

- Any interested student should contact the placement coordinator to arrange an appointment (in person or via telephone) to discuss the placement subject/requirements and assessment
- A student must source/apply for their placement position
- Volunteer placements are covered under JCU insurance, the host organisation should provide insurance for paid placements
- Once a potential placement position is identified the student should provide the name/contact details of the nominated host organisation supervisor to the placement coordinator at JCU
- The placement coordinator will contact the nominated placement supervisor explaining the subject requirements and request confirmation to proceed
- Once the placement is confirmed the student is authorized to enrol in either SC3008/SC5008

ASSESSMENT

- In the first week the student must consult with the Placement Supervisor to develop and document a "Placement Proposal" addressing:
 - Duration of placement (proposed start/end dates, hours etc)
 - Placement description and student obligations
 - Special conditions
- A Reflective Journal and supporting documentation/evidence MUST be maintained throughout placement
- A Reflective Essay due 14 days after Placement end date
- Host Placement Supervisor Appraisal/feedback is obtained on completion of placement
- Finalisation Interview (pre-interview form and CV required)
