Bachelor of Business / Law | Majors in Management

CAREER PATH: Having initially started as a business student and then combining law into my degree a year later, my aspirations for when I graduate reflect a blend of the two degrees. My intention is to get into Corporate Law. However, as you will soon discover as you move through your degree. Where you think that you'll end up changed every day and most likely won't be what you came to university with the idea of doing.

ABOUT ME: My background is mainly based here in Cairns, having been a local for 10 years now. I come from a small family who in their free time enjoy spending their Sunday's off at Lake Tinaroo skiing.
