

Pharmacy

Shylee-Jade Hadar-Pagliari

CAREER PATH: At the moment, my plan once I register as a pharmacist is to continue studying and perhaps go into research or a more clinical based workplace. I am however always open for new opportunities and have a flexible mindset.

ABOUT ME: I love spending time with my family and one of my favourite things to do when I have the time is baking. It is just like compounding medicines except they're delicious!

FUN FACT: I think spontaneity is key and laughter is the best medicine :)

Melissa Gibson

CAREER PATH: I work in hospital pharmacy as a technician and plan to start my pharmacist career in this setting as well. I'm very interested in emerging roles such as General Practice pharmacist within a GP clinic environment and treating patients holistically, not focused solely on medication.

ABOUT ME: I am born and raised in North Qld but have spent time in cities too. Travelling is one of my favourite things to do (thanks Covid) as is reading, mainly nonfiction. I may admit to being a crazy sausage dog lady and cannot start my day without decent coffee!

FUN FACT: My daughter and I were both first year Cairns JCU students in 2021, she is studying Nursing.
