

## Kevin Graniglia - 2022 Mentor Leader

**CAREER PATH:** After a 20yr career in Accounting and Finance, I decided to move into a profession where I can have a direct impact on someone's life, health and wellbeing.

**ABOUT ME:** This is the third University degree I will obtain having completed my Bachelor of Business in 1998 (at JCU), and a Masters Degree in 2004 (from UQ), so I look forward to drawing on my age/maturity/experience to help the next group of students coming through.

**FUN FACT:** I have completed 7 Olympic Distance Triathlons, and looking to complete an IRONMAN before I graduate (so any free physio to keep the old body going will be greatly appreciated...lol).

## Rachel Henney

**CAREER PATH:** I would like to work in a remote or rural community in private practice and specialise in neurological physiotherapy.

**ABOUT ME:** I was raised in Ingham, a small town just north of Townsville. I have one older brother and in my spare time I enjoy painting, helping my parents out on the farm and swimming.

**FUN FACT:** I had a pet wallaby.

## Hassan Malick

**CAREER PATH:** I am interested in specialising in Musculoskeletal Physiotherapy and looking into sporting injuries.

**ABOUT ME:** I grew up out west in a small country town called Charters Towers and I am the youngest in the family. I am an outdoor person so in my spare time I like to go driving or camping with mates.

**FUN FACT:** I would love to visit six out of the seven continents (still tossing up Antarctica).

## Benjamin Rathjen

**CAREER PATH:** I'm very excited to pursue a career in physiotherapy when I graduate and my dream would be to work as a physio with a professional sports team in the future.

**ABOUT ME:** I have lived in Townsville my whole life and love everything about sports!

**FUN FACT:** My mum still makes my lunches for me.

## Dale Royce

**CAREER PATH:** When I graduate I am looking towards a career in a hospital, I haven't ironed out specifics but wish to experience a variety of fields within physiotherapy before I choose to specialise in any one area.

**ABOUT ME:** I'm Townsville bred and born so if you dislike the weather at the start, just remember the poor souls who have to stay here during our summer. I am the youngest brother of my household and so come with the tall poppy syndrome so feel free to cut me down if I don't shut up.

**FUN FACT:** I am the definition of your plain Jane. My hobbies mostly surround social sport and eating copious amounts of food. Look forward to meeting you all!

## David Smith

**CAREER PATH:** There are so many pathways for Physiotherapy it's hard to choose! I am excited to try everything out.

**ABOUT ME:** I've owned and operated my own gym, love to play my guitar and spend time with my two fluffy border collies.

**FUN FACT:** I've spent 12 days of my life playing Rocket League.
