## Kirsty Stevens

**CAREER PATH:** After graduating high school I worked in a leadership role at Gymnastics Townsville for three years. I was always a bit unsure about what to study at uni but knew I wanted to help people and work in a health setting. I finally discovered that Sport and Exercise Science was the right path for me. I plan to continue my studies further after completing my Bachelor's degree and at this stage I'm looking at heading in the Exercise Physiology direction.

**ABOUT ME:** I'm an advanced gymnastics coach and judge. I love rock climbing, doing aerial silks, ice skating, and playing board games with friends and family.

**FUN FACT:** My favourite place to spend the day is at Jourama Falls with friends.
