

JOB SEARCH CHECKLIST

The job search process can feel overwhelming, so it's helpful to break it into manageable steps. The good news is you don't have to do every step in order. For example, you can start working on your resume before you identify what you want to do. Just start checking off as many of these activities as you can, and you'll find yourself on the way to a great opportunity.

You can receive assistance for every one of these steps through JCU Careers and Employability. You don't have to wait for business hours - start by checking out our website: www.jcu.edu.au/careers
