Accessing the Web Room Booker (WRB)

1. Open you preferred web browser and navigate to the JCU home page, then click '**Staff**' from the grey banner at the top of the screen.

Weblink: https://www.jcu.edu.au/

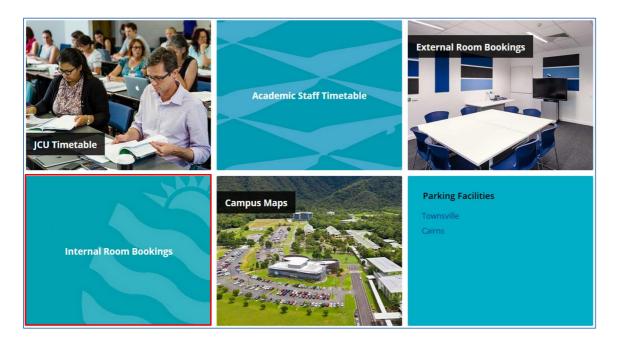

Important Note: Web Room Booker can only be accessed by JCU Staff. Students who wish to book a room on one of JCU Campus's, need to do so through their Colleges or through the JCU Student Association if they're affiliated. Room booking requests for students are not to be sent directly to the JCU Timetable Team for action.

2. Under 'Quick Links' select 'Timetable and Room Booking'.

3. On the next page select the 'Internal Room Bookings' tile.

4. On the next page, select 'Web Room Booker (Relevant Year)'
Note: Clicking on Move Management will take you to the FM Interact System. FMi is a powerful staff resource, which provides a comprehensive look at all buildings available on all JCU campuses. Within FMi you can view the available equipment in each room, as well as photos. FMi is an excellent place to start when looking for a suitable room. For further details about FMi please contact spacemanagement@jcu.edu.au

5. Log into the WRB using your JCU username and password.

Using Filters and Finding an Appropriate Location

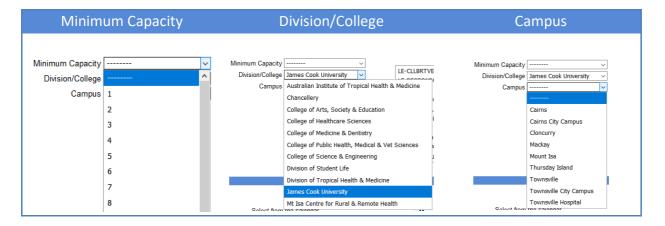

In the location panel, you can use a number of filters to narrow down your search.

- 1. Start by defining the following:
 - **Minimum Size**: This filter isn't required, however to ensure the room is large enough for the number of attendees it's recommend that the minimum size be entered.
 - **Division/College**: James Cook University will show all centrally zoned rooms, the Divisions & Colleges will only list rooms that are contained within the selected Division or College's zone. Leave this filter blank to see all locations.
 - Campus: Select a JCU campus if you're only booking a room for one campus. If you're wanting to
 book locations across multiple campuses for video conferencing or zoom purposes e.g. one room in
 Townsville and one in Cairns for the same date/day/time, ensure to the leave the campus filter
 blank.

If you're unsure about any of these filters or don't want to be restricted you may leave them blank.

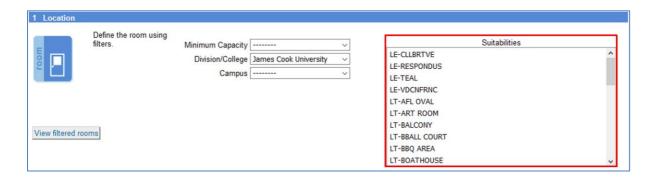

Filter Examples

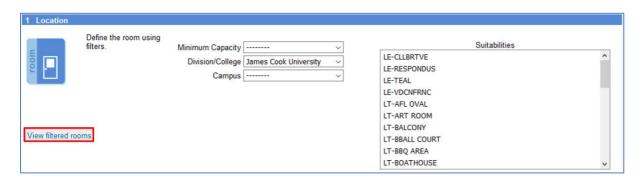

2. Next select the 'Suitabilities' that you require. Suitabilities define both the location type and functionality i.e. LT defines the location type whilst LE defines the location functionality. The suitabilities can be left blank or you can select multiple suitabilities by holding the CTRL key whilst selecting each one.

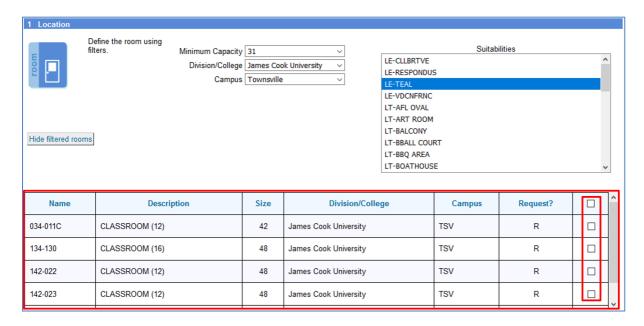

IMPORTANT: If your booking requires video conferencing, the '**LE-VDCNFRNC**' suitability must be selected.

3. After selecting your suitabilities click on the 'View filtered rooms' button.

4. An additional box will drop down and will display all of the rooms that meet the criteria entered into the filters. As we can see in the image below, the system is only showing rooms that have a capacity greater than or equal to 31, for James Cook University, in Townsville and that are TEAL rooms. Placing a check next to any of these rooms will ensure that they are displayed on the booking screen.

Already Know Your Room? Use Your Browser's Search Function

- 1. If you already know a specific room that you're looking for, you can skip the filters all together and just hit the 'View filtered rooms' button. This will expand all available rooms and by pressing Ctrl + F on your keyboard you can search for the room by using the search function in your browser.
- 2. In this guide we're using Mozilla FireFox but Google Chrome and MS Edge have the same shortcut and functionality. After hitting **Ctrl + F** on your keyboard the below search bar appears at the bottom of the screen. Type in the building and room you want, then hit enter.

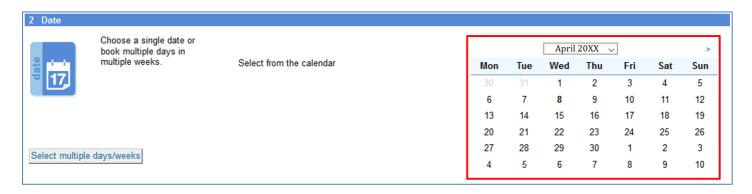

3. The drop down box will automatically jump to the room you searched for and you can select the room in the list. If you want multiple rooms, you can continue selecting the rooms and searching in the browser search bar until you've selected all the rooms you want.

B001-108	CLASSROOM (5)	10	James Cook University	CNS	R	
034-011A	GATCF LAB (3)	11	James Cook University	TSV	R

Entering the Date and Time

If you're booking a room for one day only, you can use the date picker to the right of the screen. The drop down menu will let you select any month of the year, whilst the arrows (< and >) will allow you to cycle between months. To make a selection simply click on the day you want.

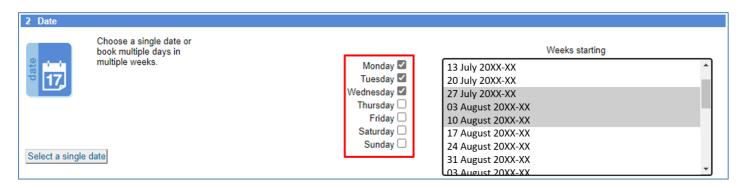

Selecting Multiple Days/Weeks

If your booking requires multiple days or weeks WRB has an option that allows you to select which days and weeks you would like to book.

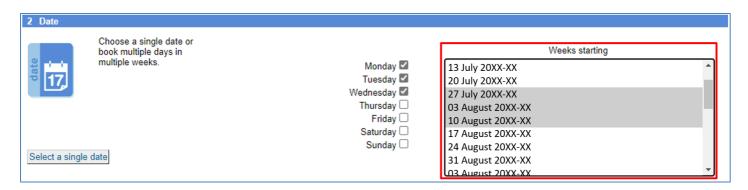

1. Click on the 'Select multiple days/weeks' button in the Date panel.

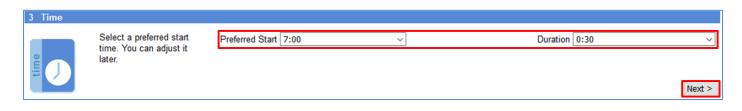

2. Select the days for your booking by placing a tick next to each day required for your booking.

3. Next select the weeks you require by selecting each week from the 'Weeks starting' list, holding Ctrl whilst clicking will allow you to pick multiple weeks.

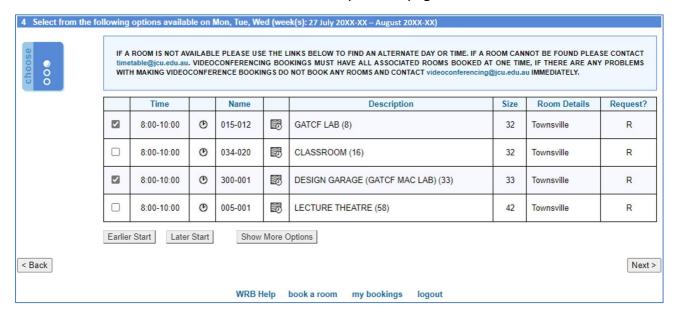

4. Then select your '**Preferred Start'** time and '**Duration**' by using the drop down menus in the Time panel and click '**Next**'.

Selecting an Available Location

The next page will show all available locations that match the filters, suitabilities, dates and times selected. In addition it also shows the details entered on the previous page and has a number of useful features.

The blue banner along the top of the page shows the days and weeks selected.

4 Select from the following options available on Mon, Tue, Wed (week(s): 27 July 20XX-XX – August 20XX-XX)

The table shows the start time selected, with finish time automatically calculated by the duration entered, the name of the location, description, size, room details and whether the room is available by request or is directly bookable.

Note: Locations marked with an 'R' in the 'Request?' column are being requested and require approval before the booking is confirmed. Locations marked with a 'B' are directly bookable and will be booked as soon as the booking has been submitted.

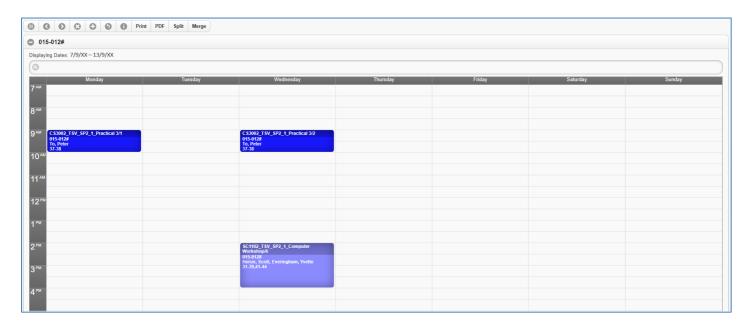

Time		Name	Description	Size	Room Details	Request?
8:00-10:00	O	015-012	GATCF LAB (8)	32	Townsville	R

Clicking on the '**Time**' button on the '**Time**' button next to a location will show other times that the location is available and you will be taken to a new screen.

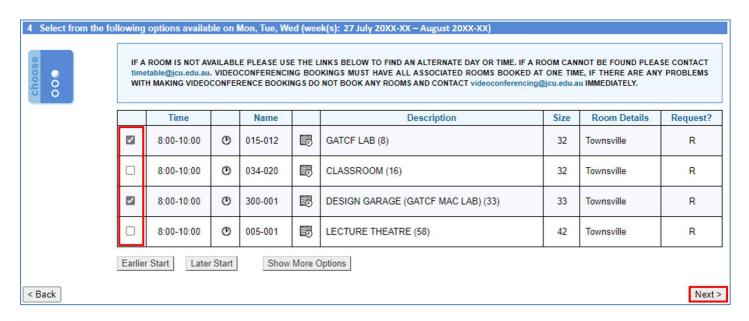

Clicking on the 'Other Locations' button will take you back to the original table after clicking on the 'Time' button.

Clicking on the 'View Timetable' button will take you to the live timetable so you can see exactly what's booked into this location for the selected week.

Note: For assistance using the Live Timetable, please refer to our Guide to '<u>Accessing and Viewing the JCU</u>
<u>Timetable'</u> <-- Click here to view the guide.

Once you've reviewed your location and are happy to proceed, place a tick next to your chosen location and click 'Next'.
